SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

NOVEMBER 1937

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office Washington, D. C., at 5 cents each or 25 cents a year (foreign, 60 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

NOTICES REGARDING MEAT INSPECTION

MEAT PROHIBITED EXPORT TO ENGLAND AND WALES

Under Supplementary Memorandum 62a/Foods which amends the Public Health (Imported Food) Regulations, 1937, of England and Wales, no meat or meat food product from the carcasses of sheep or lambs showing any lesions of caseous lymphadenitis will be permitted export to England and Wales on and after January 1, 1938.

MEAT FOR SCOTLAND

The Department of Health for Scotland has promulgated regulations effective January 1, 1938, similar to the Public Health (Imported Food) Regulations, 1937, made by the Minister of Health in England. Accordingly inspectors in charge are directed to see that all meat and meat food products exported to Scotland on and after January 1, 1938, conform to the instructions in Service and Regulatory Announcements of September 1937, under the caption "Meat for England and Wales."

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 308.—In re D. L. Barton et al., Sioux City, Iowa. The Secretary of Agriculture on July 25, 1931, issued an order in the above-entitled case prescribing reasonable rates and charges to be observed by respondents for their services as

market agencies. Respondents filed a petition on November 15, 1937, alleging that substantial changes have occurred since 1929, the year on which the order was based, and asking for a modification of that order. Government accountants have made detailed audits and analyses of the books and records of a number of representative market agencies which are petitioners, showing the results of their operations for the year ended December 31, 1936, and for the year 1937 up to the end of June and comparisons thereof with operations for the year 1929 and have submitted detailed reports of their findings. The facts set forth by the above-mentioned audits and analyses do not warrant a modification of the order to the extent requested, but do warrant some modification of the rates prescribed in said order; therefore, on November 19 an order was issued modifying the previous order and prescribing a new set of rates and charges for handling livestock, effective November 22, 1937.

Docket No. 311.—In re L. B. Andrews Livestock Commission Co. et al., Kansas City, Mo. On November 13 the order of modification of October 14, 1937, was made applicable to the Farmers Union Live Stock Commission Co. and the Producers Commission Association, effective November 15. On November 19 it was made applicable to the Harry Conley Co., effective November 22.

Docket No. 425.—In re Sioux City Stockyards Co., Sioux City, Iowa. On October 28, 1937, respondent petitioned the Secretary of Agriculture for a temporary modification of his order of December 13, 1934, as modified, effective August 15, 1935, prescribing a schedule of rates for services rendered by respondent at its stockyards at Sioux City. The facts submitted by the petitioner have been checked by a Government accountant, who has submitted a report covering the business of petitioner for the years 1933 to 1936, inclusive, and for the first 6 months of 1937. The result of this analysis substantiated the statements made by petitioner. The above-mentioned petition has been considered, and subject to the conditions set forth therein, the order of December 13, 1934, as modified, effective August 15, 1935, was modified providing for new rates and charges for yardage, feed, and bedding. This order became effective November 6.

Docket No. 435.—In re American Commission Co. et al., Denver, Colo. The Secretary of Agriculture issued an order in the above-entitled case on September 27, 1934, prescribing reasonable rates and charges to be observed by respondents for their services as market agencies. On November 18, 1937, respondents filed a petition alleging that substantial changes have occurred since 1932 and 1933, the years on which the above-mentioned order was based, and asked for a modification of same. Representatives of the Department have made detailed analyses of the data submitted by petitioners and have submitted detailed reports of their findings. The facts set forth show that changes in conditions affecting the costs of operations of petitioners do not warrant a modification of the order to the extent requested, but do warrant some modification of the rates prescribed in said order; therefore, on November 26, the order of September 27, 1934, was modified, providing a new set of rates and charges for selling cattle and/or calves and sheep and/or lambs.

Docket No. 610.—In re Gelb & Einhorn, Brooklyn, N. Y. The Acting Secretary of Agriculture on August 3, 1937, issued an inquiry alleging that respondents had violated title V of the Packers and Stockyards Act, in that they had engaged in business without maintaining such financial condition as is necessary to entitle them to receive a license. It was further alleged that the respondents had filed a second application for a license and they were allowed an opportunity to show cause why such application for a license should not be denied. A hearing was held on August 9, at which time the respondents stated that they wished to withdraw their second application for a license. This was permitted for the reason that the applicants now have a valid unrevoked license. As the respondents have increased their free working capital, and their present financial condition substantially complies with the Department's requirements, the case was dismissed on November 9.

Docket No. 711.—In re Schario Livestock Co., Spokane, Wash. The Secretary of Agriculture on March 16, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in connection with the handling of livestock in commerce. Respondent on September 7 acknowledged receipt of the inquiry, admitted the truth of the matters and things alleged and waived a hearing thereon. On November 13 respondent was ordered to cease and desist from the unfair, unjustly discriminatory and deceptive practice and device of engaging in business at posted stockyards without furnishing a bond or other satisfactory form of indemnity. It was also ordered that the respondent

be suspended from registration for a period of 6 months with leave, however, to apply for a revocation of such suspension upon a showing that a suitable bond or other satisfactory surety has been executed and filed.

Docket No. 854.—In re Thomas Saracino & Co., Chicago, Ill. The Secretary of Agriculture on June 25, 1937, issued an inquiry alleging that respondent had engaged in and used certain unfair and unjustly discriminatory practices and devices in connection with the handling of poultry in commerce. A hearing was held on July 12. Thereafter an examiner's report, including findings of fact and recommended order, was served upon respondent. Twenty days were allowed respondent within which to file exceptions, but none was filed. On November 9 respondent was ordered to cease and desist from the unfair, unjustly discriminatory practices and devices set out in the complaint.

Docket No. 920.—In re Rosenzweig Live Poultry Co., Inc., New York, N. Y. The Acting Secretary of Agriculture on August 17, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had engaged in and used certain unfair, unjustly discriminatory, and deceptive practices and devices in connection with the purchase of live poultry in commerce and that it was insolvent in that it was unable to pay its debts as they became due in the usual course of business. A hearing was held on October 6. From the evidence adduced at the hearing it was determined that respondent was not guilty of any wrongdoing and is now solvent; therefore, the case was dismissed on November 13.

Docket No. 929.—In re Finley-Kitchens Live Stock Commission Co., Forth Worth, Tex. The Secretary of Agriculture on September 4, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had engaged in and used an unfair and deceptive practice and device in connection with the buying of livestock in commerce. A hearing was called for October 21, but a representative of respondent presented in writing an admission and waiver in which the facts alleged in the inquiry were admitted and a hearing waived. On November 13 respondent was ordered to cease and desist from the unfair practice of refusing to honor drafts drawn on it in payment for livestock shipped to and sold by respondent at the Fort Worth Stockyards.

Docket No. 930.—In re C. B. Johnson, Houston Tex. The Secretary of Agriculture on September 9, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had failed and refused to provide a reasonable bond to secure his performance as a dealer engaged in the business of buying and selling livestock in commerce. A hearing was called for October 23 at which time the respondent appeared on his own behalf and presented a satisfactory bond. He also acknowledged service of the inquiry and admitted the truth of the matters and things alleged and waived a hearing thereon. On November 16 the respondent was ordered to cease and desist from engaging in the business of buying and selling livestock without executing and maintaining a bond to cover his obligations.

Docket No. 950.—In re West Side Live Stock Commission Co., Springfield, Mo. The Secretary of Agriculture on September 14, 1937, issued an inquiry alleging that respondent was insolvent in that it was unable to pay its debts as they became due in the usual course of business. On October 13 respondent acknowledged service of the inquiry, admitted the truth of the matters and things alleged, and waived a hearing thereon. On November 24 respondent was suspended from registration as a market agency for a period of 6 months, with leave, however, to apply for a revocation of this suspension upon showing that it is then solvent.

Docket No. 958.—In re Dougherty & Coker, San Antonio, Tex. The Secretary of Agriculture on October 14, 1937, issued an inquiry alleging that respondents had violated the Packers and Stockyards Act in that they had failed to provide and maintain a reasonable bond to secure the performance of their obligations incurred as dealers engaged in the business of buying and selling livestock in commerce. As respondents have now furnished a satisfactory bond, the case was dismissed on November 16.

Docket No. 977.—In re Jacob Schoonhoven, Freeport, Ill., v. Farmers Union Live Stock Commission, Chicago, Ill. The Secretary of Agriculture on November 6, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had used an unjust, unreasonable, and discriminatory practice in handling livestock in commerce. Complainant made and filed a complaint seeking reparation from the respondent in the sum of \$22.54, that being the balance due him from the sale of his livestock. As the respondent made full reparation for the amount claimed by the complainant, the case was dismissed on November 26.

POULTRY LICENSE ORDERS
